

In class we discussed the following inheritance hierarchy:

Given the above hierarchy, you should understand the following:

Superclass only:	Pet
Both super/subclass:	Dog, Cat, Fish
Subclass:	Lab, Hound

Directions: This assignment involves drawing a new inheritance hierarchy. Please consider how you will complete this task by choosing one of the following options:

1. Hand draw your inheritance hierarchy on paper (take a picture to submit digitally)
2. Digitally draw/create and then save as a JPG, PDF, or MSWord file.

For this assignment, draw a complete inheritance hierarchy for the following list of words. Each represents a class used in a large program.

Raspberry	Orange	Blackberry
McDonald's	Berries	Vegetable
Broccoli	Blueberry	Lemon
Food	Citrus	Fast-Food
Fruit	Chipotle	
Chick-Fil-A	Carrot	

Online Turn-In:

In the "Online Text" portion of the assignment turn-in, list all items that are superclasses, subclasses, and both

In the "File Submission" portion of the Assignment turn-in, upload your file (this needs to be JPG, PDF, or MSWord)
